OUR SERVICES

Utilising 35 years of experience, we navigate the complexities of ARC clinical and quality compliance while providing frontline businesses education on cultivating an environment of workplace wellness that allows the staff to thrive.

Healthcare Quality Compliance

Are you behind with your ARC compliance requirements? Are the current stressors in the Aged Care Sector leaving you run off your feet with little time to spare?

We can help you now!

Our specialised ARC quality compliance services include:

- Pre- MOH certification audits and facility checks
- InterRAI & long-term care plan catch up services
- Clinical policy review and writing (in line with current MOH standards)
- Customised Policy Suites-Including Infection Prevention & Antimicrobial Stewardship Policies (in line with MOH Standards)
- Help with the development of your Maori and Pasifika health plans
- Complex complaint management and resolution services-including HDC complaints and coronial reports
- ARC clinical education and presentations.

Workplace wellness

Our Point of Difference!

With a specialist focus on the healthcare sector and frontline businesses, our wellness services are essential to any organisation wanting their workplace to be well in mind, body and spirit. At a time where nurses care givers and frontline workers are suffering from the effects of burn out and fatigue, it has never been more important to offer support!

We offer:

- Tailored workplace wellness workshops
- Workplace conflict/bullying workshops and seminars
- Defusing support following adverse events
- Suicide Awareness education
- Workplace Wellness / trauma policy writing and programme development.
